

Dear Valued Customer,

In February of 2012, Smart-hose Technologies will be conducting the following webinars:

Tuesday February 7<sup>th</sup>, 2012:     **How to extend the service life of your Industrial Gas Hose.**  
Presenter: Robert Cardona, Smart-Hose Senior Engineer

Wednesday February 8<sup>th</sup>, 2012:   **Industrial Hose Assemblies the weak-link or Stronger than Steel?**  
Presenter: Tim Raftery, Smart-Hose General Manager

Each webinar will be 30 minutes in length with 15 minutes for Q and A. In order to register for either webinar send an e-mail to [Sales@Smarthose.com](mailto:Sales@Smarthose.com) and indicate what webinar you are interested in attending. We will e-mail you an invitation for the webinar the week of February 1<sup>st</sup>.

As always, we appreciate your support and interest. Please, never hesitate to call us with any questions, problems or concerns. Smart-Hose Technologies is committed to making the safest hose assembly in the world.

Happy Holidays,

Tim Raftery  
General Manager  
Smart-Hose Technologies
